FISH AND SEAFOOD

Challenge OVERFISHING, BYCATCH, WORKING CONDITIONS, USE OF ANTIBIOTICS AND PESTICIDES

Accepted standards WWF Score 1 & 2

Challenge **TRANSPARENCY**

Transparency criteria Country of origin, sustainability certification, procurement quantities and country of the final value-adding processing step are known; Transparency regarding business partners' publicly accessible commitment to uphold human rights is ensured

COFFEE

Challenge WORKING CONDITIONS, WATER USE, PESTICIDE USE, CHILD LABOUR

Accepted standards Fairtrade Max Havelaar, Bio Suisse, Naturland, Rainforest Alliance, EU-Bio, IMO Fair for Life, Demeter

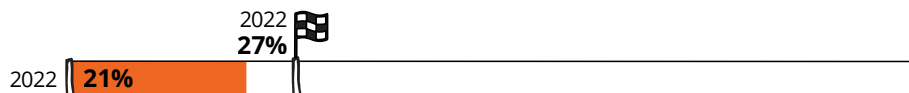

Challenge **TRANSPARENCY**

Transparency criteria Country of origin, sustainability certification, procurement quantities and country of the final value-adding processing step are known; Transparency regarding business partners' publicly accessible commitment to uphold human rights and deforestation- and transformation-free supply chains is ensured

Challenge **DEFORESTATION**

Accepted standards Fairtrade Max Havelaar Segregated, Bio Suisse, Naturland, Rainforest Alliance Segregated

COCOA

Challenge **WORKING CONDITIONS, WATER USE, PESTICIDE USE, CHILD LABOUR**

Accepted standards Fairtrade Max Havelaar Segregated, Fairtrade Max Havelaar Mass Balance, Bio Suisse, Naturland, Rainforest Alliance, EU-Bio, IMO Fair for Life, Demeter

Challenge **TRANSPARENCY**

Transparency criteria Country of origin, sustainability certification, procurement quantities and country of the final value-adding processing step are known; Transparency regarding business partners' publicly accessible commitment to uphold human rights and deforestation- and transformation-free supply chains is ensured

Challenge **DEFORESTATION**

Accepted standards Fairtrade Max Havelaar Segregated, Bio Suisse, Naturland, Rainforest Alliance Segregated

PALM OIL, FOOD AND NON-FOOD

Challenge **WORKING CONDITIONS, CHILD LABOUR, LAND-USE CONFLICTS**

Accepted standards RSPO Segregated, Bio Suisse, Naturland, RSPO Mass Balance, Fairtrade Max Havelaar, Rainforest Alliance, EU-Bio, IMO Fair for Life, Demeter

Challenge **TRANSPARENCY**

Transparency criteria Country of origin, sustainability certification, procurement quantities and country of the final value-adding processing step are known; Transparency regarding business partners' publicly accessible commitment to uphold human rights and deforestation- and transformation-free supply chains is ensured

Challenge **DEFORESTATION**

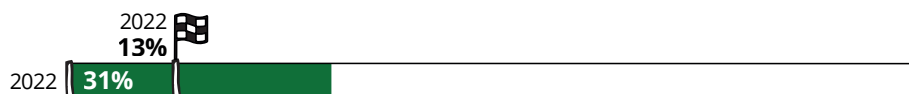

Accepted standards RSPO Segregated, Bio Suisse, Naturland, Fairtrade Max Havelaar Segregated, Naturland, Rainforest Alliance Segregated

SOYA (IN ANIMAL FEED)

Challenge **WORKING CONDITIONS, BIODIVERSITY LOSS, DEFORESTATION, PESTICIDE USE**

Accepted standards Bio Suisse, Naturland, Pro Terra, Donau Soja, Europa Soja, RTRS Non-GM, ISCC Plus, standards with soy feed ban, Swiss origin, origin without deforestation and conversion risk according to [WWF report](#), cut-off Date 31.12.2015

Challenge **DEFORESTATION**

Accepted standards Bio Suisse, Naturland, Pro Terra, Donau Soja, Europa Soja, RTRS Non-GM, ISCC Plus, standards with soy feed ban, Swiss origin, origin without deforestation and conversion risk according to [WWF report](#), cut-off Date 31.12.2015

WOOD / PAPER

Challenge WORKING CONDITIONS, PESTICIDE USE, BIODIVERSITY LOSS

Accepted standards From sustainable sources according to WWF (FSC or recycling), PEFC, import: non-risk country according to Preferred by Nature, cut-off Date 31.12.2015

Challenge TRANSPARENCY

Transparency criteria Country of origin, sustainability certification, procurement quantities and country of the final value-adding processing step are known; Transparency regarding business partners' publicly accessible commitment to uphold human rights and deforestation- and transformation-free supply chains is ensured

Challenge DEFORESTATION

Accepted standards From sustainable sources according to WWF (FSC or recycling), PEFC, import: non-risk country according to Preferred by Nature, cut-off Date 31.12.2015
