

PROGRESS REPORT 2022

RAW MATERIALS ROADMAP

PRODUCTION

What percentage of the critical raw materials used in our own brands meet sustainable minimum standards?

MEAT

Challenge **TRANSPARENCY**

Transparency criteria Country of origin, sustainability certification, procurement quantities and country of the final value-adding processing step are known; Transparency regarding business partners' publicly accessible commitment to uphold human rights and deforestation- and transformation-free supply chains is ensured

Challenge **DEFORESTATION IN BEEF PRODUCTION**

Accepted standards Bio Suisse, origin without deforestation and conversion risk according to [WWF report](#), cut-off Date 31.12.2015

MEAT (PRODUCTION SWITZERLAND)

Challenge **ANIMAL WELFARE**

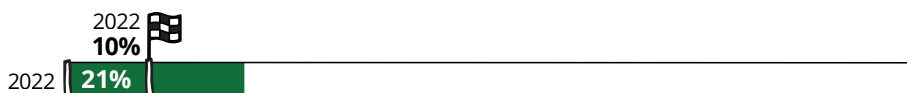

Accepted standards: [animal welfare matrix](#)

MEAT (PRODUCTION ABROAD)

Challenge **ANIMAL WELFARE**

Accepted standards: [animal welfare matrix](#)

MILK, DAIRY PRODUCTS, CHEESE

Challenge ANIMAL WELFARE

Accepted standards: [animal welfare matrix](#)

Challenge TRANSPARENCY

Transparency criteria Country of origin, sustainability certification, procurement quantities and country of the final value-adding processing step are known; Transparency regarding business partners' publicly accessible commitment to uphold human rights is ensured

EGGS, PROCESSED

Challenge ANIMAL WELFARE

Accepted standards: [animal welfare matrix](#)

Challenge TRANSPARENCY

Transparency criteria Country of origin, sustainability certification, procurement quantities and country of the final value-adding processing step are known; Transparency regarding business partners' publicly accessible commitment to uphold human rights is ensured

FRUIT AND VEGETABLES, PROCESSED

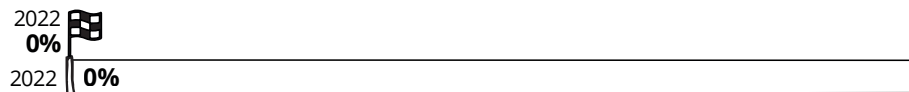

Challenge GOOD AGRICULTURAL PRACTICES, PESTICIDE USE

Accepted standards GLOBALG.A.P. (CfP, IFA), SwissG.A.P., IP-SUISSE, Bio Suisse, EU-Bio, USDA Organic, Bioland, Naturland, Demeter, Rainforest Alliance, Fairtrade Max Havelaar, IMO Fair for Life, Leaf Marque, Vegaplan

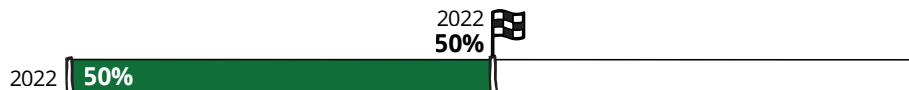

Challenge **WATER USE**

Accepted standards GLOBALG.A.P. SPRING, EWS, AWS, Bio Suisse, Rainforest Alliance, SIZA Environmental Standard

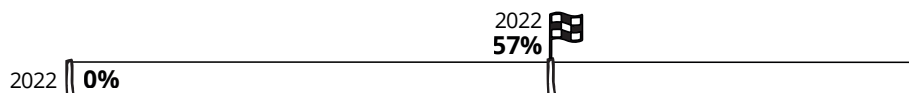

Challenge **WORKING CONDITIONS**

Accepted standards Fairtrade Max Havelaar, Rainforest Alliance, SA8000, IMO Fair for Life, IMO For Life, BSCI Primary Production, ETI/Sedex/SMETA, SIZA Social Standard, GLOBALG.A.P. GRASP

Challenge **TRANSPARENCY**

Transparency criteria Country of origin, sustainability certification, procurement quantities and country of the final value-adding processing step are known; Transparency regarding business partners' publicly accessible commitment to uphold human rights is ensured

FISH AND SEAFOOD

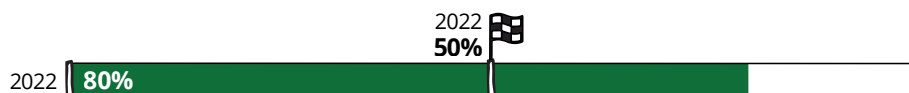

Challenge **OVERFISHING, BYCATCH, WORKING CONDITIONS, USE OF ANTIBIOTICS AND PESTICIDES**

Accepted standards WWF Score 1 & 2

Challenge **TRANSPARENCY**

Transparency criteria Country of origin, sustainability certification, procurement quantities and country of the final value-adding processing step are known; Transparency regarding business partners' publicly accessible commitment to uphold human rights is ensured

COCOA

Challenge **WORKING CONDITIONS, WATER USE, PESTICIDE USE, CHILD LABOUR**

Accepted standards Fairtrade Max Havelaar, Bio Suisse, Rainforest Alliance

Challenge **TRANSPARENCY**

Transparency criteria Country of origin, sustainability certification, procurement quantities and country of the final value-adding processing step are known; Transparency regarding business partners' publicly accessible commitment to uphold human rights and deforestation- and transformation-free supply chains is ensured

Challenge **DEFORESTATION**

Accepted standards Fairtrade Max Havelaar Segregated, Bio Suisse, Rainforest Alliance Segregated

PALM OIL (FOOD)

Challenge **DEFORESTATION, WORKING CONDITIONS, CHILD LABOUR, LAND-USE CONFLICTS**

Accepted standards RSPO Identity Preserved, RSPO Segregated, Bio Suisse

Challenge **TRANSPARENCY**

Transparency criteria Country of origin, sustainability certification, procurement quantities and country of the final value-adding processing step are known; Transparency regarding business partners' publicly accessible commitment to uphold human rights and deforestation- and transformation-free supply chains is ensured

Challenge **DEFORESTATION**

Accepted standards RSPO Identity Preserved, RSPO Segregated, Bio Suisse

PALM OIL (NON-FOOD)

Challenge **DEFORESTATION, WORKING CONDITIONS, CHILD LABOUR, LAND-USE CONFLICTS**

Accepted standards RSPO Identity Preserved, RSPO Segregated, RSPO Mass Balance, Bio Suisse

Challenge **TRANSPARENCY**

Transparency criteria Country of origin, sustainability certification, procurement quantities and country of the final value-adding processing step are known; Transparency regarding business partners' publicly accessible commitment to uphold human rights and deforestation- and transformation-free supply chains is ensured

Challenge **DEFORESTATION**

Accepted standards RSPO Identity Preserved, RSPO Segregated, Bio Suisse

RICE

Challenge **WORKING CONDITIONS, DEFORESTATION, CHILD LABOUR, PESTICIDE USE, METHANE EMISSIONS**

Accepted standards Fairtrade Max Havelaar, Bio Suisse

Challenge **TRANSPARENCY**

Transparency criteria Country of origin, sustainability certification, procurement quantities and country of the final value-adding processing step are known; Transparency regarding business partners' publicly accessible commitment to uphold human rights is ensured

SOYA (IN ANIMAL FEED)

Challenge **WORKING CONDITIONS, BIODIVERSITY LOSS, DEFORESTATION, PESTICIDE USE**

Accepted standards Suckler cow husbandry, Naturabeef, Naturaveal, IP-SUISSE (Weidebeef), Bio Suisse, Pro Terra, Donau Soja, Europa Soja, RTRS Non-GM, ISCC Plus, Swiss origin, origin without deforestation and conversion risk according to [WWF report](#), cut-off Date 31.12.2015

Challenge **DEFORESTATION**

Accepted standards Suckler cow husbandry, Naturabeef, Naturaveal, IP-SUISSE (Weidebeef), Bio Suisse, Pro Terra segregated, Donau Soja, Europa Soja, RTRS Non-GM, ISCC Plus, Swiss origin, origin without deforestation and conversion risk according to [WWF report](#), cut-off Date 31.12.2015

HAZELNUTS

Challenge **WORKING CONDITIONS, CHILD LABOUR**

Accepted standards Bio Suisse, Rainforest Alliance, Fairtrade Max Havelaar, IMO Fair for Life

Challenge **TRANSPARENCY**

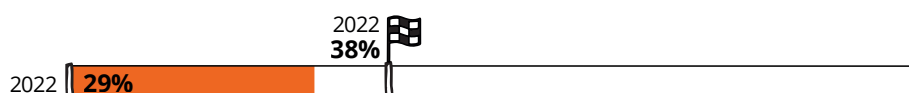

Transparency criteria Country of origin, sustainability certification, procurement quantities and country of the final value-adding processing step are known; Transparency regarding business partners' publicly accessible commitment to uphold human rights is ensured

ALMONDS

Challenge **WATER USE, BIODIVERSITY LOSS, PESTICIDE USE**

Accepted standards Fairtrade Max Havelaar, Bui Suisse, EU-Bio, GLOBALG.A.P. SPRING, AWS

Challenge **TRANSPARENCY**

Transparency criteria Country of origin, sustainability certification, procurement quantities and country of the final value-adding processing step are known; Transparency regarding business partners' publicly accessible commitment to uphold human rights is ensured

CASHEW NUTS

Challenge **WORKING CONDITIONS, INCOME SECURITY FOR SMALL FARMERS**

Accepted standards Fairtrade Max Havelaar, Rainforest Alliance, Bio Suisse

Challenge **TRANSPARENCY**

Transparency criteria Country of origin, sustainability certification, procurement quantities and country of the final value-adding processing step are known; Transparency regarding business partners' publicly accessible commitment to uphold human rights is ensured

COCONUT AND COCONUT OIL

Challenge **WORKING CONDITIONS, INCOME SECURITY FOR SMALL FARMERS, DEFORESTATION, WATER USE**

Accepted standards Fairtrade Max Havelaar, Bio Suisse, Rainforest Alliance

Challenge **TRANSPARENCY**

Transparency criteria Country of origin, sustainability certification, procurement quantities and country of the final value-adding processing step are known; Transparency regarding business partners' publicly accessible commitment to uphold human rights is ensured
